

The hard work done by the men and women of the McLean Project for the Arts in organizing and putting on this event has helped ensure an excellent opportunity for many of my constituents to escape from life's many stresses by providing them with a time to unwind and enjoy the visual arts in their community. This event in McLean Central Park will be filled with great food, live music and many remarkable and interesting works of art.

I am proud to have such an excellent group in my District, which is one that has been servicing local and regional communities for over 50 years. The McLean Project for the Arts has been such a positive force in teaching young people about the visual arts and in instructing them in how to become artists themselves. I would like to applaud this organization's dedication to the cultural enrichment of our future generations.

Mr. Speaker, I ask that my colleagues join in recognizing the 10th anniversary of the MPAartfest in Loudoun County, Virginia. I wish them all the best in their future endeavors.

HONORING MS. BEA MCPHERSON

HON. BOB GIBBS

OF OHIO

IN THE HOUSE OF REPRESENTATIVES

Thursday, September 22, 2016

Mr. GIBBS. Mr. Speaker, I rise today to honor Ms. Bea McPherson for her service to the United States of America during World War II as a Cartographer for the Army Map Service.

Shortly after the attack on Pearl Harbor, America's Greatest Generation answered the call to combat the Axis Powers in the European and Pacific Theaters. As personnel were reassigned to all fronts, the Army Map Service found itself in need of more patriots.

Upon graduating from Kent State University, Ms. McPherson selflessly joined the Army Map Service, where she was assigned to Montgomery County, Maryland. As a Cartographer, Ms. McPherson created maps used in preparation for military operations throughout Fiume, Italy and the famed Battle of the Bulge. During her service, Ms. McPherson also served as a recruiter, returning to Ohio to recruit other females into the Army Mapping Service.

Nicknamed the "Military Mapping Maidens," Ms. McPherson and other female cartographers played a vital role in defense of America and our allies abroad. Shortly after the Allies declared victory over Nazi Germany and Japan, Ms. McPherson resigned from the Army Mapping Service.

On October 4, 2016, Ms. McPherson will be inducted into the Geospatial Intelligence Hall of Fame for making significant and transformative contributions to the Army Mapping Service.

Mr. Speaker, it is truly an honor to represent Ms. Bea McPherson in the United States Congress. She established a patriotic example for all Americans to emulate and I am humbled to stand before this body to recognize Ms. McPherson's service to our great nation.

CELEBRATING THE LIFE OF EUGENE "GENE" GISCOMBE

HON. CHARLES B. RANGEL

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Thursday, September 22, 2016

Mr. RANGEL. Mr. Speaker, I rise in honor to join The Village of Harlem and New York City in paying tribute to our beloved friend, Eugene Giscombe, known affectionately by many as "Gene" and the "Mayor of 125th Street," who made his transition to his Lord and Savior on Sunday, July 10, 2016. In 1982, he founded Giscombe Realty Group, LLC one of Harlem's leading commercial real estate management, consulting, leasing, development and brokerage firms. The company was a major player in the Harlem Renaissance that helped to reverse years of decline and turn the area into one of Manhattan's most popular places to live, work, play and raise a family.

Gene Giscombe began his real estate career as a sales agent at Webb & Booker, rising to become head of sales and representing major banks, such as Manufacturers Hanover Corporation, and managing office buildings such as the C.A.V. Building at 55 West 125th Street, where former president Bill Clinton maintains an office. Inspired by his grandfather Lawrence Giscombe, a successful builder-owner in Harlem in the 1930s and 1940s, Eugene Giscombe became a beloved community leader as he grew his own company to serve a wide range of clients, including property owners, developers, financial institutions, not-for-profits, pension funds and government agencies looking to buy, lease or manage space in Harlem and New York City. Giscombe Realty Group's headquarters, for over 35 years, was located in one of Harlem's most iconic office buildings, the 12-story Lee Building at 1825 Park Avenue on East 125th Street, adjacent to the Metro North train station in East Harlem.

Over the years, Giscombe Realty Group's acquisitions, developments, re-locations and management ventures on the legendary 125th Street corridor included Chase Manhattan Bank, Fourth Federal Savings and Loan, New York State Supreme Court, Bechtel Infrastructure, Beth Israel Medical Center, the Harlem Commonwealth Council, New York College of Podiatric Medicine, and The Jewish Theological Seminary, to name a few. Gene's associates nicknamed him the "Mayor of 125th Street", celebrating him for his many successful ventures including the biggest retail sale in Harlem's history—the sale of 16 retail buildings along West 125th and 126th Street Corridor on Frederick Douglass Boulevard for \$50 million in 2007. He was also the recipient of the Business Person of the Year award from the Harlem Business Alliance, Inc. presented by Mr. Walter Edwards.

Gene Giscombe was a former chairman of the 125th Street Business Improvement District, Community Board 10 and The Greater

Harlem Real Estate Board. He was also a member of the Harlem YMCA Board of Directors/Property Management Committee where he oversaw all construction and renovation work at twenty-one New York YMCA branches and three summer camps. He served on the Board of Directors of City National Bank of New Jersey/New York, and was the vice chairman of the Greater Harlem Nursing Home and North General Hospital Board of Directors. In addition to his love for Harlem and real estate, Eugene Giscombe was a big-game hunter who hunted on five continents and traveled on over 17 African safaris. Always concerned about the responsibility of hunters, he became the first African-American president of the New York Tri-State Chapter of Safari Club International which is very involved in conservation projects. Gene's memory is survived by his wife Shirley and their children Lesley, Susan and Lasalve; and brothers Gary and Ronald Giscombe.

Eugene "Gene" Giscombe left his indelible mark as a real estate magnate and developer, community leader, philanthropist, entrepreneur, family man and big-game hunter devoting his life to the betterment of all human-kind, community, and country. I join my constituents and rest of the nation as we say goodbye and pay tribute to our beloved friend, The Mayor of 125th Street, Eugene "Gene" Giscombe, a true American hero.

IN RECOGNITION OF THE HONORABLE SENATOR CHARLES "CHUCK" J. COLGAN'S 90TH BIRTHDAY

HON. BARBARA COMSTOCK

OF VIRGINIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, September 22, 2016

Mrs. COMSTOCK. Mr. Speaker, I rise to recognize the Honorable Senator Charles "Chuck" J. Colgan for turning 90 years old on September 25, 2016. I am honored to celebrate the many accomplishments of one of the Commonwealth's most dedicated civil servants.

Senator Colgan is best known for his time in office as the longest serving Senator in the history of the Virginia General Assembly, where he has represented the citizens of Virginia's 29th District since 1975. Senator Colgan is an example to all legislators on how to work tirelessly for the interests of your constituents. Chuck was able to achieve many undertakings over his ten term tenure in the Virginia State Senate, most notably in the areas of transportation and education.

Senator Colgan's life and legislative legacy is certainly one to be recognized as it was one full of service to his constituents, commonwealth, and country. His commitment to seeing practical legislation enacted to benefit the Commonwealth of Virginia and its citizens is extremely commendable. Senator Colgan was not afraid to work with both sides of the aisle while in office. This spirit of the political sensibility is without a doubt why he was able to attain such great success in his endeavors.

It is also important to distinguish Senator Colgan's efforts as a private citizen through his businesses in the air travel industry. Colgan Airways and Colgan Air provided not only a valuable service to Americans, but were

also a source of jobs and economic growth in the communities they were based in. Senator Colgan truly embodies the ideals a citizen-politician should aspire to exemplify.

Mr. Speaker, I now ask that my colleagues join me in recognizing the Honorable Senator Charles "Chuck" J. Colgan for turning 90 years old, and to thank him for the outstanding services he provided to the Commonwealth of Virginia and the United States throughout his long-lasting career. I wish him all the best in his future endeavors.

PROTECTING OUR WATER FROM MICROCYSTIN TOXINS

HON. MARCY KAPTUR

OF OHIO

IN THE HOUSE OF REPRESENTATIVES

Thursday, September 22, 2016

Ms. KAPTUR. Mr. Speaker, I rise today to introduce a bill addressing the threat to human health posed by microcystin toxins. Two summers ago, a massive algal bloom exploded in western Lake Erie, generating microcystin, a bacterium causing liver damage, skin blemishes, and nausea. This public health threat necessitated the shutdown of the public water system for 3 days—drastically disrupting the lives of over half a million Americans.

As elected officials, our first priority must always be the safety and security of our constituents. This bill ensures that microcystin will no longer be a public health threat.

It amends the Safe Drinking Water Act by requiring the EPA to determine the maximum safe contaminant level and to promulgate a national primary drinking water regulation for microcystin toxin within 2 years of its enactment.

In realizing the threat posed by microcystin, the old adage "Mother Nature Doesn't Lie" is more meaningful than ever. I commend the EPA's work to date on generating a strategic plan for dealing with algal toxins and for publishing an interim standard for microcystin.

The strategic plan and current health advisory the EPA released are a good start, but we need a finalized standard for microcystin which endangers the people of Toledo with our recurring algal bloom problem.

In addition to the public health threat, this bacterium casts a huge economic shadow over our vital and beautiful coast. Toledo's Water Crisis cost the city government over \$200,000 in cleanup costs alone, not counting untold millions in lost business and tax revenue.

This concern is not isolated to Lake Erie. Millions of Americans across the country rely on drinking water similarly threatened by increasing levels of nutrient runoff, and the resulting toxic algal growth. A recent study from the USGS showed that algal toxins are present in over 1/3 of all lakes nationwide. Additionally, the Environmental Protection Agency recognizes harmful algal blooms as a major environmental problem in all 50 states, with severe impacts on human health.

No one should ever have to worry that the water coming from their tap is unclean and unsafe, no matter if you're in Toledo, Ohio, Flint, Michigan, or anywhere else in this country. This bill will make us all safer.

COMMEMORATING 60TH ANNIVERSARY OF HUNGARIAN REVOLUTION

HON. ANDY HARRIS

OF MARYLAND

IN THE HOUSE OF REPRESENTATIVES

Thursday, September 22, 2016

Mr. HARRIS. Mr. Speaker, as you may know, both of my parents fled Soviet-bloc Communism for the promise of a better and freer life here in America. With that in mind, Mr. Speaker, I rise today to commemorate the 60th anniversary of the Hungarian Revolution of 1956. Ronald Reagan once said, "Communism only works in two places: Heaven where they don't need it, and hell where they already have it." The Hungarian people, as much as anybody, know this to be true. The movement began on October 23rd, 1956 as a student demonstration against Soviet-imposed communist policies. The demonstration quickly spread, attracting thousands. When a group of student protestors were fired on by the State Security Police, and one of the demonstrators killed, the revolution began. Thousands organized into militias, battling the police and Soviet troops in Budapest and across the country. The communist government quickly collapsed and impromptu "workers' councils" assumed governance of the country. Though Soviet forces eventually re-took control of the country, the Hungarian Revolution was the first major threat to Soviet control since the fall of the Nazis, and signaled the beginning of the end of the reign of Communism in Europe. That is why I rise today, Mr. Speaker, to commend the Hungarian people for their fight, and ultimate victory, against Communism, and commemorate the 60th anniversary of the Hungarian Revolution of 1956.

PERSONAL EXPLANATION

HON. PETER A. DeFAZIO

OF OREGON

IN THE HOUSE OF REPRESENTATIVES

Thursday, September 22, 2016

Mr. DeFAZIO. Mr. Speaker, I was one of the earliest supporters of President Obama's negotiations with Iran to prevent them from acquiring nuclear weapons. I supported the conclusion of those negotiations which resulted in the Joint Comprehensive Plan of Action (JCPOA), a historic international agreement which has already limited Iran's nuclear activities. I strongly appreciate the President's robust enforcement and monitoring of Iran's compliance with the JCPOA. During a long vote series I mistakenly voted yes on H.R. 5461 when my intention was to vote against this legislation. I oppose H.R. 5461 and any other effort to undermine the JCPOA.
